

## PRIVATE LABEL PROGRAM

Large institutional users such as hospitals, therapy chains and drug companies, as well as orthopedic and therapy supply distributors may desire to have their name and/or logo imprinted on the cuff. This program makes it easy and economical to purchase private-label cuff weights.

To start, simply answer the following questions:

- Which weight or weight set do you need?
- How many colors do you want to print your name and/or logo?
- What quantity do you want? (most economic for quantity of 1000+)

One of FEI's representatives will get back to you with the cost and timing. There is a \$75.00 charge to prepare each color for printing. Before printing the cuff weights, a sample of the artwork will be sent to you for your approval. After we receive your approval the printing process takes from 4 to 6 weeks.

## ECONO

A less expensive alternative. Made with heavy-duty coated nylon and a long velcro extension strap to assure proper fit. Marked in pounds and kilograms.

## ORIGINAL

# the Cuff®

### The original Cuff® rehabilitation weight

The Cuff® weight has been proven effective in hospitals for over 30 years. It contours to snugly fit the ankle, wrist... and even thigh. Its long velcro closure strap assures a secure and comfortable fit even during the most strenuous exercise program. It features heavy-duty materials and double-stitching throughout. They are color-coded, marked with both pounds and kilograms and grommeted for hanging on any weight rack.

#### Cuff® mobile weight rack

Heavy-duty steel rack helps to keep weights and accessories organized and out of the way when not in use. Holds up to 500 pounds on the 2-sided pegboard and still has capacity in the tray for more. 3-inch rubber ball-bearing wheels allow the rack to easily be moved to wherever it is needed (even over carpet). Ships UPS.
